

## Competition Info # 0

### Dear participants at 45. WMPC

this is the first competition info with some information that may be useful until your arrival.

#### 1. Info management

After arrival and during the championship you will receive more such info messages with official meet director's information about the competition program.

Important messages will be printed and put into your message box which is located at the info centre 1<sup>st</sup> floor main building of Montecuccoli barracks.

Copies will be posted at the competition website and in addition shared via WhatsApp.

Any additional question will be answered as usual during the morning team leader meeting (this year planned at 07:30) or for any other issue, there will be a host nation helpdesk.

#### 2. Registration status

The current list of competitors is online: [http://cism-austria.at/20220620/doc/overview\\_45wmpc\\_2022.pdf](http://cism-austria.at/20220620/doc/overview_45wmpc_2022.pdf) (a few changes have been reported and the team of Chile jumped off)

After arrival each teamleader will be requested to check and update all names in our registration system, especially military rank, name spelling, jump order and participation in the 3 disciplines is needed for startlists.

But if there is any change in the composition of your mission already known now, kindly can send an e-mail to [cism45wmpc@gmx.at](mailto:cism45wmpc@gmx.at) with the amended annex 2a. (do not prepare for surprising our scoring section)

#### 3. Covid travel information

As already published at <http://cism-austria.at/20220620/news.html> and posted in the WhatsApp Info group, Austrian government has waived all Covid test or vaccine certificate requirements for border crossing on 16th May 2022. Nevertheless, we will provide a Covid test for everyone after arrival when first entering our barracks **please wear a FFP2 mask from entering our barrack's medical station** until the test result shows no infection.

#### 4. Arrival Information

All nations and individual travellers with properly submitted arrival details will be picked up at the airport. If there are last minute changes (flight cancellation, delay,...) or if you do not find the soldier at the meeting point just outside customs exit, you can always send an e-mail to [cism45wmpc@gmx.at](mailto:cism45wmpc@gmx.at) and/or call our transport officer: +43 664 622 8912.

All other missions will make their way directly to the main gate of our barracks and get further guidance there (see coordinates and a map at <http://cism-austria.at/20220620/contacts.html> )

#### 5. After arrival

You will receive a welcome package with an info brochure that shows rooms, meals, recreation facilities, parachute storage,... as well as your ID cards<sup>1</sup> and information about the training jump.

Our barracks have rooms with 4 or 5 beds and the teamleader will receive key cards for every mission member. Rooms are equipped with blankets, bed cloths and cleaning tools, and each room has a shower and toilet. But military accommodation is no 5\* hotel, so better bring along shampoo, towel, night reading lamp and other amenities that you may be used from the luxury hotels of previous WMPCs.

We wish you a good trip to Austria

---

<sup>1</sup> keep your passport ready for a copy in exchange to the ID card
